

Optional Middle School Module: Sexual Health & Consent/Sexual Violence

This document includes all questions in the **optional** middle school module about sexual health and consent/sexual violence. School districts may request to add this module to their middle school survey instrument. When administered online, skip logic is used to streamline the student survey experience. Skip patterns are noted in specific questions below.

CONSENT/SEXUAL VIOLENCE

The next section asks about consent. Consent means that you freely and actively agree to be with someone sexually and know what you are agreeing to. Consent can be saying “yes” or any other action that gives permission to engage in sexual activity. Consent cannot be given when someone is under the influence of drugs or alcohol. Consent can be withdrawn at any time.

In this section, you will be asked about experiences with sexual violence, including harassment and rape. As a reminder, your answers are anonymous and will be kept private. You may choose not to answer some or all of the questions.

1) Have you ever had a sexual experience where you were unsure if you gave your fully-granted consent to the other person? A. Yes B. No C. I don't know
